**DETAILED ACTION**

1. This Office action is in response to Application No. 09/787,549, filed on 03/20/2001.
2. Claims 1-18 are pending.

***Claim Rejections - 35 USC § 102***

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

**A person shall be entitled to a patent unless -**

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371© of this title before the invention thereof by the applicant for patent.

4. Claims ~~24-32~~<sup>1-18</sup> are rejected under 35 U.S.C. 102 (e) as being anticipated by Collart (U.S. Pat. No. 6,405,203).

**Art Unit: 3621**

As per claims 1, 12-15 and 17 Collart discloses a system/method, and article of manufacture for tracking the distribution of content electronically, comprising:

provided in a product distribution environment where products are distributed through communications lines between a product provider comprising at least one of a copyright owner creating a product and a distributor distributing the product to the market and a product user receiving the product from the product provider, for exchanging copyright information relating to the product through the communications lines with both of the product provider and the product user (see., abstract, col 4, lines 28-38, col 6, lines 1-63, specifically distributor, retailer and consumer, figs 1 and 2);

the copyright information management center centrally managing all copyright information existing in the product distribution environment through the communications lines by preregistering copyright information relating to the individual products in the center (see., abstract, fig 1, col 40, lines 11-22, specifically wherein it is stated that registered users who accepted the software license agreement).

As per claims 2, 8, 9, 10, 11, 16 and 18 Collart discloses the claimed limitations of providing with a digital watermark embedding means by which at least one of the copyright owner and the distributor can embed copyright information relating to a product as digital watermark information directly in the data forming the product (see., col 31, lines 16-51, specifically wherein it is stated that watermarking enables identification and tracing of different copies of video data, col 33, lines 10-20, specifically watermarking which uniquely identifies each receiver of the signal).

**Art Unit: 3621**

As per claims 3, 4, 5, 6, and 7 Collart discloses the claimed limitations of providing with a digital watermark detection means for detecting the digital watermark information by the product provider and product user see., col 31, lines 16-51, specifically wherein it is stated that watermarking enables identification and tracing of different copies of video data, and detecting means see., col 32, lines 41-61, specifically watermark, if applied to individual copies of the video, may also be used to identify or detecting of the receiver of the copy, fig 5, item 550).
